BRAINSTORMS

With Ferrin Cox

Rural courthouses have been the source of many good stories, since the beginning of the United States. Monday we heard another good one. Yours truly, Judge Gary McAlley and another of our long time friends - former Sheriff Brice Paul along with a couple of others were chatting about the world in general and "the judge" reported on an incident in the courtroom. It seems Paul was scheduled to testify in a case pending in Gary's court. One of the lawyers asked if any of the prospective jurors knew Brice Paul? Of course most every hand shot up... then they asked if anyone was friends with Paul? According to McAlley (and judges never, ever lie), only one "little old lady" in the back of the courtroom hesitantly raised her hand... slowly and only about half way! We all laughed, but none seemed to enjoy the story as much as Brice did.

We like the action of Governor Fob James in doing away with all the lobbyist being paid with tax dollars. We have always considered that a misuse of tax dollars. Of course we don't see how he can completely do away with ALL lobbying by people on the taxpayers payroll, that would be too good to be true. Fob seems to have gotten off to a good start in the short time he has been in office. We wish him well, "cause if he does well, Alabama will do well.

U. S. Attorney General Janet Reno is not suing Alabama this time around. Monday she filed suits against California, Illinois and Pennsylvania over the so-called motor-voter registration act of 1993. All states are supposed to be allowing citizens to register to vote when they purchase a driver's license, etc. Those three had apparently refused, but alas Alabama didn't try to buck the system. We talked with Probate Judge Bill Gammon Tuesday about this matter and he says all is now well in Coffee County. No longer is a form required to be filled out on every person walking down the hall to use the bathroom, etc. Judge said he got on the phone with Montgomery after employees and people coming into the office all complained about the forms required to be filled out on everyone. They now simply ask if a person wants to register to vote. If the answer is no, the matter is dropped... no questions asked and no forms filled out. If they want to register, then can do it right there or take the forms with them and mail them in after completion.

All the hoopla about electronic shopping being just around the corner and we better get ready, isn't completely true. The experts closest to the issue say we are at least 10 years away from a truly workable electronic shopping system. Right now a person must sit and wait for one item at the time to appear on the TV or computer screen and it is at the whim of the broadcaster which item is next. For a really workable system to emerge they must find a way for the consumer to jump to any part of the store and/or browse the entire store at any given time with a click of the TV "clicker" or computer mouse and at the pace desired by the customer. That ain't here yet... quoting the experts.

Public television (PBS) survives with a big chunk of federal tax dollars. About \$22 million a year goes to PBS which generates and distributes a majority of the programs seen on public television stations like those in Alabama. U. S. House Speaker Newt Gingrich and party are advocating cutting this expense. While employees within the system are howling about "Killing Big Bird," private firms are chomping at the bits to take over the projects. You can bet your bottom tax dollar, these folks will actually make a profit doing what the present crew needs tax dollars to support.

Police Chief Jack Parker is retiring, effective March 31st. He made it official at the council meeting Monday. This is not a total surprise because he was in the hospital for surgery twice during the past year. We hate to see him leave the position, because he is highly qualified and brings stability to the position... mainly because of his leadership ability and professionalism. However, life must go on and we wish Jack and Betty well as he enters this retirement.

Social Security Reports Changes for 1995

The Social Security Administration offers the following update on programs and benefits for the new year.

To begin, 1995 will usher in a 2.8 percent raise in benefits for Social Security and Supplemental Security Income (SSI) beneficiaries.

This increase should appear in the checks Social Security beneficiaries received on January 3, 1995, and in the SSI checks recipients received on December 30, 1994.

The average monthly Social Security benefit for retirement will increase from \$679 — before the cost-of-living adjustment — to \$698 in January 1995.

The average monthly benefit for a couple where both spouses are receiving benefits will be \$1,178 in January 1995, compared with \$1,146 before the adjustment. Average monthly disability benefits will be \$661 in January 1995, compared with \$643 a year earlier.

The maximum federal SSI monthly payment for one person will be \$458 in January 1995, up from \$446 in January 1994. For a couple, the maximum monthly amount will increase to \$687 in January 1995, up from \$669 a year earlier.

The annual increase in both Social Security and SSI benefits is based on the rise in the Consumer Price Index.

Other changes that will become effective January 1, 1995, are based on "automatic adjustment" provisions in the law and are tied to the increase in average wages.

The combined Social Security and Medicare tax rate will not go up in 1995. For employees, it remains at 7.65 percent (6.2 percent for Social Security and 1.45 percent for Medicare). The tax rate for self-employed individuals remains at 15.3 percent (12.4 percent for Social Security and

2.9 percent for Medicare). The Social Security "wage base" for 1995 will be \$61,200. In 1994, the taxable wage base was \$60,600. The wage base is the maximum amount of earnings taxed for Social Security.

As was true in 1994, all wages and salaries will be subject to the Medicare portion of the Social Security tax — 1.45 percent. For the self-employed, the tax remains at 2.9 percent and it, too, applies to all their earnings.

The maximum amount of money that beneficiaries between the ages of 65 and 69 can earn in 1995 without reducing the amount of their Social Security benefits is \$11,280. For people under age 65, the corresponding limit will be \$8,160 in 1995. The benefits of people aged 70 or older who continue to work are not affected, no matter how much they earn.

For planning purposes, Social Security beneficiaries need to be aware the tax rate on some of their benefits may have increased. Couples whose provisional income is more than \$44,000 and individuals with income exceeding \$34,000 may pay income tax on up to 85 percent of their Social Security benefits.

Provisional income is an individual's or married couple's adjusted gross income as reported on the Form 1040, plus one-half of the total Social Security benefits received for the year, plus nontaxable interest.

Couples whose provisional income is between \$32,000 and \$44,000 may pay tax on up to 50 percent of their benefits, as will be true for individuals whose income is between \$25,000 and \$34,000. For beneficiaries whose income is below this level, no Social Security benefits are taxed. For more information, contact your local Social Security office.

tempted to take money from the cash register.

An undetermined amount of money, most of which officials believe was recovered at the time of the robbery, was taken during the robbery.

A struggle between Mr. Woods and the suspect ended with Woods being struck on the head at least four times with a blunt object thought to be a drink bottle.

The two men then exited the store and left in a mid-size blue four-door car.

Mr. Woods was transported to Mizell Memorial Hospital in Opp, Alabama by a unit of the Kinross Rescue Squad. He was treated for head injuries and remained in the hospital overnight for observation.

After leaving the scene of the robbery, the suspects headed west along Highway 134 to Opp where they wrecked their car. However, at the time of the wreck, not enough information was known about the vehicle to identify it as being the vehicle involved in the robbery.

Later, as more information was obtained at the scene of the robbery, Opp police realized that the vehicle involved in the wreck met the description of the suspect vehicle.

The information obtained from the wreck report was broadcast on the police radio network.

A short time later, the car was spotted by Samson police officers. Coffee County deputies, along with Samson police and state troopers, initiated a felony traffic stop and three suspects were taken into custody.

All three individuals were later placed under arrest and charged with first-degree robbery. They were transported to the Coffee County Jail in New Brocton.

Two of the suspects, both juveniles - a boy and a girl, were arrested under state criminal statutes which allow juveniles to be treated as adults when charged with a Class A felony. The third suspect arrested was an adult.

Gibson was also charged with possession of marijuana in the second degree when a routine search of her purse revealed marijuana.

Arraignment proceedings were held Monday for the three individuals before District Judge Steven Blair.

During the hearing, Judge Blair set Gibson's bond at \$20,000; Reine's was set at \$25,000, and Pinner's bond was set at \$30,000.

Gibson and Reine were both represented at their arraignment by Richard "Cracker" Waldrop while Pinner was represented by Ken Fullmer.

Blood Drive planned at Elba High School February 3rd

Individuals living or working in Coffee County will have several excellent opportunities to help keep the blood supply at a safe level by donating at one of the blood drives listed below.

Wednesday, February 1, from 8:15 a.m. until 2:15 p.m. at Enterprise High School located on Watts Avenue.

Friday, February 3, from 8:30 a.m. until 2:30 p.m. at Elba High School located at 103 Tiger Drive.

Donating blood is a simple and safe procedure that takes approximately 45 minutes. There are some added benefits of a blood donation in that you have your temperature, pulse, blood pressure and iron levels

checked prior to donating. Individuals who have not donated within the past 56 days as well as those who have never donated before are encouraged to do so at one of these drives.

For more information, call the American Red Cross at 1-800-GIVE-LIFE.

John Paul, Harpsichordist to perform in Enterprise February 3rd

The Coffee County Arts Alliance presents an encore performance of Harpsichordist, John Paul on February 3rd, 1995, 7:30 p.m. at St. Luke United Methodist Church, Enterprise, AL. Advanced tickets are \$10

adults, and \$5 students at the usual ticket outlets: West Gate Book and Gift, Plain 'N' Fancy, and the Framing, Enterprise, The Jewel Box, Elba; and the TFR, Ft. Rucker. Tickets will also be available at the door for a slightly higher price.

John Paul's performances focus on the grand and delightful works of 18th Century masters, particularly Bach, Rameau and Couperin. With his virtuoso technique and witty comments, John Paul brings birds, flowers, feelings, and characters to life in the rich sounds of the harpsichord. British born and educated at the Royal Academy of Music in London, John Paul immigrated to the United States in 1965. Touring with his exquisite double manual harpsichords, this very British Southerner presents these master composers as the entertainment they were in their period.

A unique gift of communication makes John Paul especially effective with children. They are caught up in the fun of musical pictures painted by the harpsichord. The pure beauty of the sight and sound of the instrument in the skilled hands of this artist is an unforgettable pleasure.

AIDA elects new officers

Alabama's independent drugstores have formed a new trade association to represent their interests in Montgomery. The Alabama Independent Drugstore Association (AIDA) was incorporated in Montgomery in January and has now elected its Officers and Board of Directors and named an Executive Director. The organization will be composed of owners of not more than six drugstores, thus prohibiting participation in the organization of chain drugstores.

The trade association will focus its efforts on issues involving independent drugstores, including issues before the legislature, lawsuits involving drugstores, and issues evolving in an ever-changing health care market. The association believes that the clout it will bring to bear in Montgomery will help it address these issues.

The officers of AIDA are: Donnie Calhoun, Golden Springs Pharmacy, Anniston, President; Bobby Golden, Price Drug Company, Montgomery, Vice President; Ricky Haywood, Haywood Discount Drugs, Elba, Treasurer. Serving on the Board of Directors are: Cynthia Martens, Monroeville, Georgia; Schmidt, Wetumpka; Rex Harrison, Double Springs; Ken Nix, Florence; Micky Tumlin, Alabaster; and Roy Barnett, Jr., Marion.

FROM ALMS TO LEGS

"And a certain man came from his mother's womb was carried, whom they laid daily at the gate of the temple which is called Beautiful, to ask alms of them that entered into the temple." (Acts 3:2)

A poor frustrated man, he lay on his couch at the side of the street, and all who visited the temple saw him as he stretched out his hand for gifts. He was alive, but he was not healthy. His heart beat fast, but his feet never moved. He had been lame from his birth. There were days when he heard the chanting of the psalms in the nearby temple, and watched the priests as they walked to and fro. He was very near to the place of blessing, but never reached it. He knew all the details of the service schedule and could give precise information concerning the ritual of the house of God. He had many friends who frequented the sanctuary, yet he remained on his couch in the street. He begged before and after services, and constantly hoped that devotion would loosen the strings of purse. Poor man: he lay within reach of a gold mine, yet he only gathered pennies!

Sitting On The Street

This beggar strikes a curious string in my heart, for in his situation I am confronted by a great question: "Can a Christian be lame from his birth?" Is it possible to be spiritually alive and not healthy? Is it possible to have a warm heart and at the same time to possess paralyzed feet? Both the Bible and human experience answer "yes." A man may believe in the Lord Jesus Christ, and subscribe to all the doctrines of grace, yet not be useful in the worthiness of his high calling, but it was impossible to do this on feet that would not respond. This ancient beggar seems very modern. There are many people who know a great deal about life in the holy place; they can even describe its details; but theirs is only intellectual knowledge, for in actual experience they listen from a distance. Their real interest lies in the street, where materialistic delights exercise a strangle-hold upon every spiritual inclination.

Standing through the Savior

Probably the beggar had more money than Peter, for the apostle confessed, "Silver and gold have I none." Yet the follower of Christ possessed something unobtainable in the markets of the world. These two men are best appreciated together. The outstretched hand of the beggar contrasts with the overflowing soul of the great preacher. "Then Peter said, 'In the name of Jesus Christ of Nazareth rise up and walk. And he took him by the right hand and lifted him up; and immediately his feet and ankle bones received strength.'" (Acts 3:6-7) In the following moments the old desires fell away as though they had been an oppressive weight that crushed him. Rising above the limitations of his couch, he walked in newness of life. He had been alive for years, but suddenly with refreshing power, abundant life flooded his being. This encounter perfectly illustrates the transformation which takes place when the Holy Spirit is given place to heal and restore and control the child of God.

Singing in the Sanctuary

"And he leaping up stood, and walked, and entered with them into the temple, walking, and leaping, and praising God." (Acts 3:8) As the crowd hurried to see the man who had been so wonderfully healed, and as the man himself stayed close by his new friends, Peter said, "Why look ye so earnestly upon us, as though by our own power or holiness we had made this man to walk? The God of Abraham, Isaac and Jacob, the God of our fathers, hath glorified his own servant Jesus. Whom ye see and hear with your eyes. This Jesus, who hath made him to stand before you, hath made him to stand with you, and hath made this man strong." (Acts 3:12-13) From that day the beggar's couch disappeared from the gateway of the temple. Radiant activity removed forever the necessity of lying in the dust begging. The songs of the sanctuary re-echoed the music of his heart, as the power of the risen Savior became a reality in his experience. We see again the carnal Christian who sits in his lameness seeking the things of the earth; we see also these two men; but it is not difficult to decide which is more pleasing to the Lord. The man who sits with his back to the altar will always have the Lord. The man who sits with his face to the altar will always have the Lord. It is great to be alive, but it is better to be healthy in your relationship and walk with the Lord!

Revival services planned at Westside Baptist Church

Westside Baptist Church will be having revival services beginning Sunday, February 5th, through Wednesday, February 8th. Leading in this series of meetings will be the teams of Dothan, Alabama. Bro. Rick, Melanie, Amy, Michael and Heather are full-time evangelists and have traveled all over the Southeast presenting the Gospel in song, testimony and preaching in conferences, revivals, retreats, and banquets.

Services will be at 10:00 a.m. and 5:30 p.m. on Sunday and at 7:00 p.m. on Monday through Wednesday. The people of Westside Baptist Church extend a warm "Welcome" to the entire Elba community to come and receive a blessing from the Lord in these services.

Arthur L. Folmar, president of the Laymen Department, encourages everyone to purchase tickets early. A sell out is expected. For tickets in the Elba area, contact Mr. J.L. Williams of the Mulberry District Laymen Department.

SENIORS OF THE WEEK

Pictured above are Richard Glover and Evone Rayborn.

by Missy McDaniel & Charlie Driggers
Richard Glover Richard is the 18 year old son of Bob and Penny Glover. He moved to Elba at the beginning of this school year from New Orleans. Richard enjoys talking to friends and playing basketball in his spare time.
Evone Rayborn Evone is the 18 year old daughter of Gwen Rayborn. She attends Greater New Zion Baptist Church and is involved with the Future Business Leaders of America and Future Homemakers of America. Some of Evone's hobbies include softball, talking on the phone, and being with friends. After high school, she plans to attend college.

St. Jude's Math-A-Thon

The math department is offering all Elba High School math students the opportunity to participate in the Math-A-Thon sponsored by St. Jude Children's Research Hospital, and is encouraging their participation. Why?
 Math-A-Thon is designed to strengthen the students' math skills by providing free materials which supplement their basic curriculum.
 Cancer kills more children than any other disease. St. Jude Children's Research Hospital is among the world's largest childhood cancer research centers and its purpose is to provide both medical treatment for desperately ill children and research that will permanently wipe out childhood cancer and other catastrophic diseases.
 Math-A-Thon challenges the students to work 200 math problems at home. (That's homework!) The problems are designed to be fun, intriguing and a positive learning experience for each student. By seeking sponsors to pledge approximately \$6.46, \$4.24 per problem, the student, and the sponsors, will be helping the other children not so lucky in their fight with childhood cancer.

The awareness and encouragement by the student's parents are essential to achieving each student receives maximum benefit from the program. If a parent decides to grant permission for his child to participate, then the parent should: 1. Sign the parent permission slip; 2. Help

Magazine Sales

by Jill Martin
 The magazine sales have started once again. The Elba High School junior class will be selling magazines as well as cassette tapes and compact discs to raise money for the 1995 Junior/Senior Prom. The sales started January 17 and will continue through February 6. The money raised by the junior class will help pay for the prom, which is set for April 22. This junior class needs your support in this project. If you are interested in subscribing to a magazine or buying a tape or CD, contact any junior or Elba High School. The junior class appreciates your help in making this year's prom one we'll surely remember.

TIGER TALK...
by Jonathan Ross & Ramey Bryan

For eighteen years, the Elba Tiger Football team has found great success under the guidance of Head Coach Mack Wood. Effective March 31, 1995, this tradition will end. On Thursday, January 12, Coach Mack Wood announced his retirement at the Elba School Board meeting. In honor of his retirement, the Tiger Tales Staff has decided to dedicate this week's article to an interview with Coach Wood.

Tiger Talk: "What is one of your favorite memories of working at EHS?"
Coach Wood: "It's hard to pin them down. The first thing that stands out in my mind is the 1978 team that won the South Alabama Conference. That was the second season I was here. The 1989 championship team has to be one, and of course, the 1992 championship team. I've had a lot of good ones, but I had to pick three different teams in the three different areas. I'd say those three."

Tiger Talk: "What do you think you will miss the most?"
Coach Wood: "The players and the on-the-field coaching. Obviously, I will miss a lot of things, but the players and the on-the-field contact is the most important."

Tiger Talk: "In your thirty years in education, what has been the greatest change that you have seen in the sport of football?"
Coach Wood: "The players are bigger and faster. I think that the good students and the good athletes are as good as they have ever been. The thing I've seen in the last few years is the fewer number of people involved percentage wise. I've gone from crew cuts to long hair, back to short hair, through the Vietnam War, and all those times of unrest in between, and people seem to come back to square one and the same values and so on."

Tiger Talk: "What do you plan to do after retirement?"
Coach Wood: "I don't know. I've got three or four irons in the fire and I hope one of them will heat up a little bit. It's a wide area. I might work some in sales. I may work again in coaching. I might also work in public relations or I may do after retirement."

An Education is something that can't be taken away from you! GO FOR IT!!!

COACH MACK WOOD

travel. I'm definitely going to be involved in something the next few years." Coach Mack Wood will truly be missed at Elba High School. His hard work and dedication has been greatly appreciated. The Tiger Tales Staff would like to thank Coach Wood for the time given toward this article and for the eighteen years of service given at EHS. We wish him all the best in the future.

SALUTE

???Question??? Corner

by Dawn Grimes & Cary Clark
 As everyone knows, Elba's Mack Wood has announced his retirement from the EHS football program. Question Corner took the opportunity to ask associates of Coach Wood to explain how they feel about his retirement.
Derrick Kyle: "I'm going to miss the man. He was a good man and coach."
Todd McKee: "I'll miss playing under him. I hope our next coach will be as good as he was."
Sterling Jones: "He was a good coach. It will be hard to find a coach equal to Coach Wood."
Coach Gary Glass: "It will be a great loss to Elba High School, as well as our football program. His record indicates that he was one of the best coaches in the state. No one can dispute that fact."

Science Club Officers

by Pam Johnson
 Angie Davis was recently chosen as president of the Zion Chapel Science Club. The other officers are Vice-President Larry Sikes, Secretary Tazzie Messer, and Treasurer Pam Johnson. The officers were chosen by sponsor Michelle McInnis. The candidates how ran for office wrote an essay stating why they thought they would be best for that particular office they ran for. Then Mrs. McInnis chose the officers by who was most qualified, who had the most experience, and who she thought she could get along with best.

ZC Gets New Look

by Stacy Brooks
 Hammers have been pounding, and saws have been buzzing this year as Zion Chapel undergoes a few renovations. The renovations began in early November with the addition of a new walk-in cooler in the school cafeteria. The cooler provided much needed space in the kitchen area of the cafeteria.

The next renovation is the old agriculture building located behind the bandroom. The building is being renovated into six classrooms which will be used by the elementary and high school teachers. The building is being completely redone from the inside to the outside. Mr. Raymond Lord has been hired by the county to renovate the inside of the building. He was also in charge of building the walk-in cooler in the cafeteria and the extension of the teacher work room.

Mr. Donnie Williams is the electrician for the job. He has been hired to rewire the newly renovated building. Mr. Larry Edkins and Edkins Construction Company have given the outside of the building a new look by installing new windows and grey vinyl siding.

At last, the students will stay cool.

Nitrate Testing

by Amber Wilson
 During Earth Week some students from the Zion Chapel Science Department will be testing well water for the presence of nitrates. Earth Day will be in the month of April. The Science Department would appreciate any samples of well water brought to the school by the community.

It is important for people to know if nitrates are present in their water. The nitrates could cause blue-baby syndrome. Blue-baby syndrome causes the baby to turn blue just before it dies because of lack of oxygen. Pregnant women and infants are the most at risk. The nitrates could also harm a regular person after a long length of time. The testing will be a community service and there will be no charge for the test.

There will be a poster contest promoting the water testing and explaining how nitrates get into the water. Cash prizes will be awarded for the winning posters.

BAND NEWS

by Samelia Green

The Zion Chapel "Rebel" Band maintained their superior winning tradition as they completed yet another successful marching season. The next competitive test for the ZC Band will be the District VII Honor Competition Festival. The festival will be held at Troy State University on February 23-24. The band will perform three pieces of music chosen by Band Director Christy Clark. They can earn three scores on stage performance and one sightreading score. In order to prepare for the District Festival, the band will have afternoon practices on Tuesdays and Thursdays from 3:30 - 5:00. Special guest conductors from Troy State University will also work with the "Rebel" Band.

Zion Chapel Students Visit Whitewater Creek

by Amber Wilson
 The Zion Chapel Science Department is testing the water in Whitewater Creek. Mrs. Jackie Jinnright, Joey Herbert, and Grady Williams go to test the water at least once a month.
 Mrs. Jinnright, Joey, and Grady went to Troy State University to learn the correct way to test the water and become certified. They have to become recertified each year. The first year they received the supplies needed for testing from the Alabama Waterwatch Monitoring System. The tools have to be replaced every year for accurate testing. This year the replacement tools were given by Mr. Michael Mullen from the Troy State University Science Department. The water is tested for turbidity, hardness, water and air temperature, dissolved oxygen level, pH, and alkalinity. The results of the testing are sent to Troy State University and the results are compiled. Then they are sent to Auburn University. This helps them determine where there are potential wildlife dangers. If there are drastic changes in the results of the testing, this helps Auburn determine the possible reasons for the changes.

SGA Drawing

by Sharon Young
 The Zion Chapel Student Government Association (SGA) is holding a drawing for a Mecc Electric grill to be given away February 25, 1995. The money raised from the tickets will help the SGA pay for blinks for the Zion Chapel library. The 50¢ tickets will be on sale January 25, 1995. The grill is donated by Mrs. Kay Sanders.

Prom Preps

by Emily Hughes
 The junior class has started the preparations for the 1994-95 Jr./Sr. Prom. The sponsors of the junior class are Mrs. Mary Herbert, the senior high math teacher, and Mrs. Jackie Jinnright, the biological sciences teacher. The junior class has already set the date and the place of the prom. The prom will be held on May 5, 1995, at Troy State University Adams Center Ballroom. The disk jockey has also been chosen from the Music Garden in Montgomery. The decorations and the other decisions will be made at a later date.

The Pressbox

By Ricky Mularz, Sports Editor

The Mularz family staged its own version of the TV show "Sisters" last weekend as the Mularz sisters had sisters spend Friday night and Saturday with them. Melanie has always wanted to have spend-the-night company, but at age five, it seemed a little too early for overnight company. Last weekend her wishes finally came true; however, as Melissa had a sixth grade classmate spend the night, and it just so happened that the girl had a sister in kindergarten. Both girls spent the night and everything went well, with very little fussing, even among the real sisters!

ELBA TIGERS COULD BE TEAM TO WATCH IN SECTIONALS

The Elba Tigers claimed a big win over Luverne last week to improve their record to 4-5, and despite their lackluster record, the Tigers could be a team to keep an eye on in a couple of weeks when they host the 3A Sectional Tournament. The Tigers played very few games early in the season due to a variety of reasons, and only in recent weeks have played enough to develop any kind of consistency. The win over Luverne, and the play of the Tigers for three quarters on the road against Louisville, shows that Elba is beginning to come around, and makes its fans believe that by the end of the regular season the Tigers may actually be contenders.

Cory Howe has begun to flex his muscles inside and is now a factor on the boards, while Brian Rowe is quickly overcoming a knee injury to be the team leader, and Leroy Smedley is one of the area's top three-point threats. When everyone plays up to their potential, Elba can beat anyone, and how much the Tigers improve in weeks to come will play a major role in how well they do in post-season play.

My guess is that Coach Danny Weeks will have his team ready and that before the sneakers are hung up for the year the Tigers will be a team that will be able to compete against any team in its class!

AREA TEAMS BEGINNING TO SHOW TRUE COLORS

The high school basketball season is fast drawing to a close, and with the post-season party only a couple of weeks away, the area teams are showing their true colors as they try to gain momentum for a final run at the state tourney. Here's a look at this week's happenings...

***NEW BROCKTON (11-5)** continued to play "Jekyll and Hyde" as the Gamecocks looked good in a big win over Kinston and fell flat in a loss to Wicksburg. The Gamecocks can whip any 1A team in the state on any given night, but can also lose to any team on any other night. With that kind of inconsistency, Brockton fans don't know what to expect.

***BRANTLEY (13-4)** kept up its late-season surge and opened a lot of eyes with a big win over second-ranked J.F. Shields on Saturday night. The Bulldogs are now set on a line-up and the consistency the Bulldogs have been lacking has gone. Brantley is in a tough section, but should be a threat come tourney time.

***KINSTON (6-13)** continued to play hard, but saw the losses continue to mount last week and appear to be headed nowhere fast. The Bulldogs play as hard as any team in any class and will never be outtaught, but this season just isn't the one many Bulldog fans were expecting.

***ZION CHAPEL (4-10)** kept up its recent winning habits and made a big statement with a stunning upset over 2A power Goshen. The Rebels have more talent than a lot of 1A teams in the state and can still go a long way in the tournament if they will ever believe in themselves.

COACHING WINS CREATE PLENTY OF CONVERSATION

The small chart listing career wins by coaches at Elba High School may have created as much conversation as any article in years. Local football fans spent hours trying to figure the number of wins of coaches they remembered, and many are still convinced that some coaches should have been included. Back when the new stadium opened, Dr. Billy Farris did countless hours of research looking up facts and figures about games played at the old stadium by the river. In the first program used at the new stadium, Dr. Farris included some historical tidbits about the Elba Tigers, and it was from those tidbits that I got my figures. According to his research figures, here are Elba's coaches since 1935 and their career records... 1935-39 Phillip Cingler (19-20-2); 1940-41 Jim Radford (15-3); 1942-43 Frank Bynum (5-10-1); 1945-46 Jerry Hawes (4-11-1); 1947 Stan Clark, Bill Oggs and Charles Lindsey (4-6); 1948-51 Jim Reynolds (24-15-1); 1952-53 Frank Buckner (14-5-1); 1954-55 Periano Gauthier (20-0); 1956-57 Charles McCutley (6-14); 1958 Lou Eison (4-6); 1959-62 (15-23-2); 1963-66 Wendall Hart (19-21); 1967-71 Leon Akins (38-10-1); 1972 Randy Griffin (9-1); 1973-75 Paul Bass * (10-20); 1976 Mac Champion (6-4); 1977-94 Mack Wood (150-59). (* Hinton Johns completed 1975 season.)

If anyone knows of any other coaches that may have been left out, just drop me a note and we'll check it out.

Get two big Area 4 wins

Tigers sweep Luverne 61-56, 63-47

The Elba Tigers claimed a pair of important Area 4 wins last week as they swept past the Luverne Tigers 61-56, in Luverne, and 63-47, in Elba.

The wins improved Elba's record to 4-5 overall, 2-1 in Area 4 action, and gave the Tigers the #2 seed in Area 4 in the upcoming Sectional Tournament.

Following are highlights of both big wins:

ELBA 61

LUVERNE 56

Elba jumped out to a big early lead and held on to dump the Luverne Tigers 61-56, last Friday night in Luverne.

Elba took control early and pulled out to a 16-10 first quarter advantage, then rode the hot shooting of Leray Smedley in the second quarter to extend its lead to 34-25 by the end of the half.

Luverne chopped the lead to 47-43 in the third quarter and was ready to make a run; however, Elba hit key free-throws down the stretch to hold on and claim the win.

Leray Smedley scored 18 points to lead Elba, while Cory Howe added 17. Willis led Luverne with 16.

[B GAME]

The Elba B team remained winless with a 46-34 setback to Luverne.

Elba led 18-16 at the half, but couldn't keep up the pace and took the loss.

Marcus Silar scored 9 points to lead Elba and Loretta Wilkerson added 7.

Luverne (46): McGee 3, Wood 4, Parks 6, Carter 12, Campbell 6, Jones 17.

Elba (24): Marsh 2, D. Daniels 4, Jones 2, Wilkerson 7, Reed 1, Silar 9, Tillis 2, Calhoun 5, Johnson 2.

The Elba Tigers pulled ahead early and then pulled away to rip the Luverne Tigers 63-47, Friday night in Elba.

The win improved Elba's record to 4-5, while Luverne slipped to 1-7 with the loss.

Late Gamecock rally sinks Elba victory hopes 45-42

The Elba Tigers saw a late lead vanish last Tuesday night as New Brockton rallied to claim a 45-42 win, in New Brockton.

The Tigers jumped out to an early 15-10 lead over the Gamecocks, but saw New Brockton rally and pull out 21-21 by the end of the half.

Elba sneaked back out in front 32-30 heading into the final stanza, only to see the Gamecocks stage a late rally to pull out the win.

Cory Howe scored 9 points to lead Elba, while Marcus Brown, Andrae Smedley and Ruben Moguel all scored 9 for the Gamecocks.

HOW(E) ABOUT THAT! Elba's Cory Howe (24) goes up to grab a rebound during a recent Tiger win. Howe scored a total of 31 points in Elba's two Area 4 wins over Luverne last week that gave the Tigers the #2 seed in Area 4 competition.

Elba falls to second-ranked Devils 62-41

The Elba Tigers butted the highly-touted Louisville Red Devils on even terms for three quarters, but gave out of gas in the final stanza and took it on the chin 62-41, Tuesday night in Louisville.

Louisville jumped ahead early against the Tigers and appeared to be cruising, but back-to-back three-pointers by Shandez Daniels and Leray Smedley cut the lead to 11-8 and put the Tigers right back in the

game.

A basket by Cory Howe with 2:45 left in the third quarter cut the Devils lead to 39-33, and when Howe muscled in for a bucket with :56 left, the Tigers were within 41-35.

Elba trailed 43-37 heading into the final stanza and was thinking upset; however, Louisville reeled off the first 15 points of the fourth quarter to pull out to a 58-37 advantage and rolled to the 62-41 win.

Brian Rowe scored 12 points to lead Elba, while Chris Guilford poured in 30 points for the Red Devils.

[B GAME]

The Elba B team saw a furious fourth quarter rally fall one point short as New Brockton held on to claim a 41-40 win.

The Tigers fell behind 14-5 in the first quarter and trailed 31-19 heading into the final stanza, but outscored the Gamecocks 21-10 in the fourth quarter, only to fall short of pulling out the win.

Loretta Wilkerson scored 11 points to lead Elba, while Scott Hughes scored 14 for the Gamecocks.

N.B. (41): Fleming 10, Hughes 14, Hayes 6, Harris 2, Newsome 3, Burrow 6.

Elba (40): Jones 9, D. Daniels 8, Marsh 2, Johnson 3, Tillis 2, Silar 3, Stoudemire 2, Wilkerson 11.

Wallace named "Coach of Year"

For the second straight year, University of North Alabama coach Bobby Wallace has been named "Coach of the Year" by the American Football Coaches Association in Division II.

Over the past two seasons, Wallace has led North Alabama to a 27-1 record and two straight Gulf South and NCAA Division II national titles.

A 1976 graduate of Mississippi State, Wallace joined the staff of Pat Dye in 1977 at East Carolina, and moved with Dye to Wyoming and later to Auburn. In 1986, Wallace returned to Mississippi State as defensive coordinator, while in 1987 he was second coach at Illinois. He was tabbed as the head coach at UNA in 1988.

Wallace is only the fourth coach ever to earn AFCA Coach of the Year honors in consecutive years.
